Let your spirits bloom year-round with Ron van Dongen's sumptuous flower photographs. This stunning wall calendar will brighten your space and infuse your days with serenity and rich color. You'll be energized by the flaming red and yellow of the parrot tulip, stirred by the flirtatious form of the yellow gypsy crocus, and uplifted by the pert white poppy. The artist opens a window into Mother Nature's process, capturing each blossom with a view camera and rendering it in up-close detail so that you feel like you are watching the petals unfold before you. Van Dongen's subjects reside in his backyard flower garden, where he nurtures these exotic plants from seed to bloom, tending them daily. The resulting floral portraits showcased in the Bloom wall calendar will transform your space into a garden of delight and enhance your inner landscape.
