

## [GET] Unwritten Law (Steele Brothers Book 1)

CONTINUE ►

Being an identical twin doesn't come without issues. No one can tell us apart, not even our parents sometimes. We don't usually use that to our advantage, but it comes in handy when my brother needs help breaking up with his boyfriends—which happens more than I'd care to admit. I know it's enabling him, but I can't say no to Anders. I will do anything for my twin. The breakups always go the same; they're swift and simple. Until Reed. He's everything I've fantasised about but never allowed myself to have. When I give in to temptation and begin to freak out, it's not because he's a guy. It's because he thinks I'm my brother, and I can't bring myself to tell him the truth. \*\*Unwritten Law is a 52,000 word stand alone with a HFN/HEA guarantee and no cliffhanger. It contains a mistaken identity trope. Please check trigger warnings in the front matter.\*\*
