While Carmen Hendricks and Angus Cameron battle against desperate odds to free the Phoenix Throne from an evil curse, Angus's brother Robbie falls to his death in a fiery sink hole under the standing stones in the Forgotten Fields. Hundreds of miles away, Carmen's friend Elle Watson runs for her life through a mysterious forest in fear for her life against hidden forces. The magic spell that transported her away from modern America should have taken her to King Arthur's court at Camelot, and she knows she's not there. In her search for answers, she frees a young Highlander from his otherworldly prison, and Elle and Robbie begin a treacherous quest to regain the Phoenix Throne from the minions of the curse still bent on their destruction. Will their war against an overpowering enemy lead everyone to disaster, or will Fate find a way to lead them through to their ultimate destiny?
