Who are the children of foster care? What, as a country, do we owe them? Cris Beam, a foster mother herself, spent five years immersed in the world of foster care looking into these questions and tracing firsthand stories. The result is *To the End of June*, an unforgettable portrait that takes us deep inside the lives of foster children in their search for a stable, loving family. Beam shows us the intricacies of growing up in the system - the back-and-forth with agencies, the rootless shuffling between homes, the emotionally charged tug between foster and birth parents, the terrifying push out of foster care and into adulthood. Humanizing and challenging a broken system, *To the End of June* offers a tribute to resiliency and hope for real change. **DISCLAIMER:** "We cannot guarantee the availability of this ebook on an external site."
