

[Download] Water Law in a Nutshell (Nutshell Series)

CONTINUE ►

The new edition adds dozens of recent decisions and key statutory changes. Virtually every principal case in the leading casebooks is cited or discussed, making it an excellent aid for students in any water law course. The revised book deals with changes in evolving areas like groundwater-surface water conflicts, public recreational uses, instream flow protection, federal water development, takings claims, and public interest concerns.
