Dominant, wild, and alpha af. This single mom just got tangled up with the hardest new outlaw on the mountain. And hes about to show her how a real man claims whats his. I was a beast. A devil on two wheels. A rebel outlaw with a gun on my hip and a bigger one between my legs. Seven bullets almost put me in the ground, and now, all Im looking for is a fresh start up on Blackthorn Mountain. But when I cross paths with the gorgeous, sassy single mom on the run, everything changes. Beautiful, fierce, and temping as all hell. Soft, pouty lips that were made for me to claim, curves that make my engine roar, and legs that I cant wait to get my filthy hands all over. Ive got no business getting tangled up with Jackie McKinnon. But one touch of her soft skin, and one taste of her mouth, and I know shes mine. Shes got trouble hunting her down, though. Her abusive dirty cop of an ex thinks he can lay hands on her and her little girl Brooke again, but he has no idea how f**king wrong he is. Because this is my mountain, Jackie and her little girl are mine to protect and keep safe, and Ill bury anyone who tries to hurt them. I found her, I claimed her, and Im keeping her. Jackie needs a real man. And shes about to get every damn inch of one. This is a standalone story. The books in Blackthorn Mountain Men series can be read in any order. Love your alpha heroes possessive, wild, and utterly obsessed

with claiming whats theirs? Yeah, me too ;). Heads up, this one is completely over-the-top, hot as sin, and one very wild ride. This is one alpha youre probably gonna need both hands for! As with my all my books, this one is safe, with no cheating and a HEA guaranteed.?
