Absolutely gripping blew me away Words cant describe how good this book is. Heidi Lynn's Book Reviews Detective Josie Quinn is horrified when shes called to the house of a mother who had her newborn baby snatched from her arms. A woman caught fleeing the scene is Josies only lead, but when questioned it seems this mysterious girl doesnt know who she is, where shes from or why she is so terrified. Is she a witness, a suspect, or the next victim? As Josie digs deeper, a letter about a mix-up at a fertility clinic links the nameless girl and the missing child to a spate of killings across the county. Josie is faced with an impossible decision: should she risk the life of one innocent child to save many others or can she find another way? The Girl With No Name is nail-biting, twisty and impossible to put down. If you love gripping thrillers from Angela Marsons, Robert Dugoni and Rachel Caine, youll be hooked.
