"More fun to read than the movie was to watch... a scene-stealing book."-- The Washington Post An Entertainment Weekly "Must List" selection Caddyshack is one of the most beloved comedies of all time, a classic snobs vs. slobs story of working class kids and the white collar buffoons that make them haul their golf bags in the hot summer sun. It has sex, drugs and one very memorable candy bar, but the movie we all know and love didn't start out that way, and everyone who made it certainly didn't have the word "classic" in mind as the cameras were rolling. Caddyshack is at once an eye-opening narrative about one of the most interesting, surreal, and dramatic film productions there's ever been, and a rich portrait of the biggest, and most revolutionary names in Hollywood. So, it's got that going for it...which is nice.
