Jake and Addie are back! It's sophomore year and Carly is on a quest to expose fraudulent psychics, and she's dragging Addie along for the ride. When a random question reveals a runaway girl was actually taken, the gang must come together to find her. As more girls start disappearing off Addie's college campus, they enlist the help of new friends along with a surprising person from the past. But it becomes a race against time as one of their own is put in danger. This book follows Hidden Truths, but can be read as a standalone.
