CONTINUE ►

During the Nuremberg trials, Dr. Leon Goldensohn—a psychiatrist for the U.S. Army—monitored the mental health of two dozen German leaders charged with carrying out genocide. These recorded conversations have gone largely unexamined for more than fifty years, until Robert Gellately—one of the premier historians of Nazi Germany—made them available to the public in this remarkable collection. Here are interviews with the likes of Hans Frank, Hermann Goering, Ernst Kaltenbrunner, and Joachim von Ribbentrop—the highest ranking Nazi officials in the Nuremberg jails. Here too are interviews with lesser-known officials essential to the inner workings of the Third Reich. Candid and often shockingly truthful, *The Nuremberg Interviews* is a profound addition to our understanding of the Nazi mind and mission.
