Teen Health is the integrated, activities-based health program written especially for middle school students. This sequential, three-course program provides the perfect combination of course material and interactive multimedia resources. Teen Health helps students understand that good health affects their school performance, their friendships, their looks, and their lives. Teen Health stretches far beyond traditional health topics to cover the subjects your students really want to know about. It explains the importance of avoiding risky behaviors and provides step-by-step guidelines on how to do so. Student-friendly modules allow you to supplement the core curriculum with selected topics. Course 2 Student Modules: Teen Health features include:
