

[GET] Learn 1,000 Most Powerful Spanish Words: Master over 1,000 Spanish Words & Phrases

CONTINUE ►

This audiobook will teach you more than 1,000 of the most common and useful Spanish words and phrases you will need to know in order to communicate with Spanish speakers throughout the entire Spanish-speaking world, including Spanish-speakers in the US. This audiobook is not intended to be a grammar guide. Unlike many Spanish vocabulary audiobooks that were developed in the past, this audiobook is not limited to the needs of a typical traveler. While developing this audiobook, special attention was given to the fact that the Spanish-speaking population in the US is rapidly increasing. With this in mind, vocabulary is included that the typical traveler may not use but a person communicating with Spanish-speakers on a daily basis will find very helpful.
