In the Courtroom sidebars present discussion questions, comprehension checks, and applied perspectives, while Moot Court Cases give students an opportunity to debate hypothetical scenarios and apply principles that they have recently learned to conceptualize the technicalities of sport law. Students also gain access to the e-book Case Studies in Sport Law, Second Edition, by Andrew T. Pittman, John O. Spengler, and Sarah J. Young. This companion resource features abridged versions of 87 court cases that represent many of the multifaceted aspects of sport law, including antitrust law, constitutional law, contract law, employment law, intellectual property, products liability, statutory law, Title IX, and tort law. The relevant cases are noted in each chapter of the text and are followed by review questions that can test student comprehension, be used for review, and prompt in-class discussions. Instructors will find answers to these review questions in the instructor guide, along with a test package and presentation package to assist with course preparation.
