In the city of Magic's Bend, I protect what's mine. No matter what. To the world, I'm just a Conjurer. To my closest friends, I'm a FireSoul--a dangerous Magica with forbidden powers and a dragon's soul. The downside? If anyone discovers what I am, I'm dead. So I lay low, kicking butt with my weapons, not my magic. Things get ugly when I witness the murder of a powerful vampire ally and become the key suspect. Soon, I'm hunted by the sexiest, strongest supernatural I've ever met. Ares is an unheard of vampire hybrid, and it's hard to say if he wants to kiss me or kill me. I've got three days to catch the real killer. The bad news? It will take my forbidden magic to succeed. But can I control it, much less keep my secret with Ares watching my every move? Especially when the stakes get ever higher? I'm used to protecting others...now I have to protect myself. This is just the start of Pheonix Knight's adventures. This omnibus contains all five books in the Dragon's Gift: The Protector Series.
