The human is mine. Let yourself be carried away to a grandiose SciFi world. With this COMPLETE collection you are holding all four Betania Breed SciFi romance novels in your hands – and mysterious background material is included. In over 800 pages, you will be up close and personal on an adventurous and dramatic voyage through the universe. The Captive Betania Breed Book One I am one of the few people who hasn't given up the fight against the Sethari yet. I would rather die than surrender to the aliens who have enslaved us humans for more than one hundred years. Then the unthinkable happens: I am awarded to the leader of the aliens, so I can bear him healthy, viable children. I am prepared for anything, except this one thing – that this merciless warrior, with his strange eyes and scaly skin, would awaken feelings in me... The Prey Betania Breed Book Two Johar is the most merciless and successful bounty hunter there is. His reputation is legendary, for he has never let any prey slip through his fingers. His creator's beautiful daughter hates Johar and lets him feel it every waking minute. But Johar knows something about her that nobody else knows. Not even she herself... The book takes place a few months after the events of book 1. The Human Betania Breed Book Three Talon Delkhari was the mightiest warlord of his people, until he dared to

contradict his king. Instead of granting him an honorable death in the fight against their enemies, the king made him his chamberlain. His newest conquest is from Earth. He won her in a game, and Talon is supposed to deliver her safely to his bed. An easy assignment for someone like Talon. That's what he thought, anyway, until this human woman awakens the predator lurking under his skin... The book takes place a few years after the events of book 2. The Dragon Betania Breed Book Four The fourth volume takes place shortly after the events in book 3. Coran Burke is an elite undercover agent from Earth. The tough and emotionless fighter has never failed. His new mission leads him to Dassuria where he is pursuing a dangerous dragon lord. At the center of his investigation is a woman who has a lot to hide - but despite her entanglement with the dragon lord, Coran can't get her out of his head... Dark. Powerful. Sexy. This will be a ride you won't want to miss. \* \* \* A SciFi Alien Alpha Romance Collection. Book 1-4 of the Betania Breed Series. \* \* \* Warning: Intended for mature audiences only. Length: Total over 800+ pages
