KurtMom just wouldn't understand. She sees me marrying some fancy girl so I bury myself in stocks instead, hiding who I really am from the rest of the family. It gets so much harder when she keeps trying to set me up with a girl for my next sister's wedding. When a bar brawl goes wild and I end up saving the bartender a beatdown, I can hardly ignore the fact that there are sparks between us. Maybe he'll give me a hand with this whole wedding date situation if I ask nicely?EvanI have a cat, a bar, and a best friend. Who needs love? Still, after Kurt saved me, it's all I can do to try to save him too. What are friends for if not posing as your boyfriend so your aging mother will get off your tail about the girl next door?And I swear that the cat is real, by the way. Don't listen to the Russian at the door. He likes to make up his little stories. This accidental pregnancy mpreg story is too hot to handle! It is only intended for those 18 and older, or the legal age of consent in your country. Only for adults!
