"An idea is a feat of association, and the height of it is a good metaphor." Robert Frost For 3,000 years, great thinkers and writers have relied on the device of metaphor to articulate profound thoughts, give voice to powerful emotions, and creatively explain complex ideas. But metaphorical language is not the sole province of poets, philosophers, and playwrights. If you've ever tried to describe a broken heart, a thankless child, or a glorious triumph, you know how valuable and compelling the perfect metaphor can be.
