After being betrayed by Miley, Consequence was sentenced to do five years in prison. Malaysia thought life was going to be difficult for her with Consequence away for five years and her being pregnant with their child. However, she found out that she was able to do it. She moved away, went to college, and had their son. Five years later, Consequence was finally released from prison. He nor Malaysia couldn't have been happier. Lay thought it was the right time for them to start their lives over somewhere somewhere where Cons wouldn't be tempted to return to the streets. But Consequence had other plans. He had revenge he needed to get on the streets. Not only was he coming after Miley, but he also was going after Sean and Marco. He wanted to make both of them pay for shooting him and almost killing him. Miley thought Cons would never find out about her part in putting him behind bars, but she had another thing coming. Consequence found out about Miley being a FED and cut all ties with her. After Consequence got out of jail, he made it his mission to keep Skylar away from Miley until she showed up at his house with the police standing behind her, and he had no other choice but to let his daughter go. Will Consequence get revenge on Sean, Miley, and Marco, or will they get some more revenge on him?
