SUMMARY Of A Higher Loyalty: Truth, Lies, and Leadership by James Comey | Summary | Book House James Comey, seventh director of the United States Federal Bureau of Investigation (FBI), takes listeners on a journey in this interesting tell-all. The book chronicles the career path of a man given to the pursuit of justice, the ethical and unethical leaders he encounters along the way, and his own resolve to not be found in the latter category. Comey recounts experiences with his boss at a summer job, who struck a fine balance between compassion and firmness. He tells us of his boss Helen Fahey who was fully confident in herself yet humble enough to admit her vulnerabilities. He also tells us of President Donald Trump, who is none of these things. Comey's book reveals how his uncompromising nature won him more enemies than friends, as he consistently exhibited the utmost loyalty to truth and the rule of law. Both in the Bush administration where he served as Deputy Attorney General, and in the Obama administration where he served as FBI Director, he was constantly in the eye of the storm for his rigid commitment to doing the right thing. In the former, it was with the Stellar Wind program, and in the latter, the Clinton email saga. This book contains a comprehensive, well-detailed summary and key takeaways of the original book by James

Comey. It summarizes the book in detail to help people effectively understand, articulate, and imbibe the original work. This book is not meant to replace the original book but to serve as a companion to it. Download your copy right now! Disclaimer: This is a summary review of the book A Higher Loyalty and not the original book.
