**CONTINUE ►**

Former SEAL turned lawless mercenary Light Walker just wants to be left alone to avenge his brother's death. He wants nothing to do with Clara Roberts, a by-the-book investigator on a secret mission, who is trying to talk (cough) badger (cough) him into helping her recover an American teenager who'd disappeared abroad. Clara Roberts isn't crazy about the uneasy partnership either. How can tequila-swilling Walker be her best option? And, dear Lord, the things that come out of that man's mouth! Soon the sparks they generate--and the trouble they stir up--threaten to set the jungle ablaze. But as attraction grows into love, looming danger turns into all-out war. Clara and Walker must hold on to each other and race against time to survive. Fast-paced, heart pounding, laugh-out-loud funny. Get ready for a wild adventure! This is a new release of an edition originally published by Dana Marton.
