

[GET] Future Reborn: A Post-Apocalyptic Harem

CONTINUE ►

Two thousand years in the future. The world is a wasteland, but the women are still gorgeous. Jack Bowman is out of luck and out of money. That is, until he gets an offer to be a part of an experiment for a major scientific research company. All he has to do is get cryogenically frozen for a few years and he'll be rich. What could go wrong? Quite a bit, as it turns out. When Jack's pod splits open and he's met by two beautiful women, he's introduced to a very different world from the one he left behind. There are warring tribes, mutated animals, actual monsters, and even ogres. With so many threats, how can anyone hope to survive? Lucky for Jack, being frozen was only half the experiment. The other part is swimming around his bloodstream, and it's turning him into something more than human. Warning: This story contains adult situations, coarse language, and other fun things. Read at your own risk.
