Curious to learn how to TRIPLE your win rate and kills per game? Getting killed within 5 minutes of landing, or panicking at every encounter with an enemy is not how the game is meant to be played. Neither is hiding somewhere and praying to survive till the end. You are not getting the results you are looking for and are constantly ending up frustrated after almost every game especially if you are dying first in your squad of friends. With the help of this guide you can start to develop the confidence that the pros have and begin to dominate your lobbies! Be excited rather than anxious whenever you engage in a fight and know that you will come out on top. I started off in the exact same spot as you; constantly being frustrated and rarely getting in the top 10. Even if I did get there, it was by playing too safe and never engaging anyone until the circle got small enough. By learning from my mistakes and doing enough research on how to win the game, I was able to make a list of tips that will triple not only your win rate but also your kills per game. Here Is A Preview Of What You'll Learn... How to Get Started if You are a Beginner and Minimize the Learning CurveHow to Have Deadly Accuracy With a Few Simple Routines How to Outbuild your Opponents by Using the Correct Build OrdersHow to Maximize your Chance at Winning Every FightThe Fastest Way to ImproveCommon Mistakes to AvoidAnd much more! By using the tips provided here, you won't have to spend countless hours dying, playing scared, or watching hundreds of hours of streams. Buy NOW and finally begin to dominate like you were meant to!
