Zenia is 25 years old bank teller, fresh out a divorce, and guardian of her only brother Zyare. She didn't know that an argument about dishes would lead to her never seeing him again. Choyce is a 31-year-old Police Officer that is married, yet unhappy. He has a beautiful nine-year-old son, and a pregnant wife. Zenia & Choyce have many things in common, one of them being the people they took vows with didn't deserve them. Did Choyce have a hidden agenda with Zenia? Did he play a part with her brother getting murdered? Was he covering for someone? Did he mean it when he said he loved her? Zenia wants answers, and she's determined to get them. Find out how spicy things get in New Orleans with this amazing two-part BWWM series.
