Brilliant, haunting, breathtakingly suspenseful, Night Film is a superb literary thriller by the New York Times best-selling author of the "blockbuster debut" (People) Special Topics in Calamity Physics. On a damp October night, beautiful young Ashley Cordova is found dead in an abandoned warehouse in lower Manhattan. Though her death is ruled a suicide, veteran investigative journalist Scott McGrath suspects otherwise. As he probes the strange circumstances surrounding Ashley's life and death, McGrath comes face-to-face with the legacy of her father: the legendary, reclusive, cult-horror-film director Stanislas Cordova - a man who hasn't been seen in public for more than 30 years. For McGrath, another death connected to this seemingly cursed family dynasty seems more than just a coincidence. Though much has been written about Cordova's dark and unsettling films, very little is known about the man himself. Driven by revenge, curiosity, and a need for the truth, McGrath, with the aid of two strangers, is drawn deeper and deeper into Cordova's eerie, hypnotic world. The last time he got close to exposing the director, McGrath lost his marriage and his career. This time he might lose even more. Night Film, the gorgeously written, spellbinding new novel by the dazzlingly inventive Marisha Pessl, will hold you in suspense to the final minute. PLEASE NOTE: When you purchase this title, the accompanying PDF will be available in your Audible Library along with the audio.
