**CONTINUE ►**

I used to think that I was doing pretty well for myself, especially considering the tragedies of my past. I was on a fast track to a promising career. Then my world imploded. When twenty-two-year-old Rona Quick finds her plans for her future destroyed, her world goes into a tailspin. Five months later, she's found a tentative home and a simple life as a private investigator, but when a case brings handsome billionaire Jalen Larsen into her life, she discovers that things aren't going to be as easy as she'd hoped. Don't miss *Claimed by Him*, the first book in the New Pleasures series.
