Troy was a man trapped in a wolf's body for three decades, until a nap changed his life forever. Now that he's a wolf trapped in a man's body, he's not going back. Food? Good. Partying? Better. Women? Best. With one brother missing, one brother overwhelmed by parenting twin engels, and only distracted Mac to keep him straight, Troy is fulfilling his every desire, never sleeping, rarely working, refusing to reel it in. Until he sees her. Reed has many rules, but the biggest one might be, never date a cop. There's also never kiss on the first date. Never tell anyone your business. Never go in the forest. Never. But then that cop walked into her bar. The one with the wild eyes and the chiseled jaw. The one who devoured her every time he stared at her. Don't go in the forest, Reed. Never go in the forest. That's where the wolves live.
