I've loved him for a lifetime but what he did is not something that can easily be forgiven. He was the star football player in high school and my brother's very best friend. He could've had any girl so why did he have to choose that one. He ruined everything, everyone and now he's back to complicate my already complicated life. I have a son to worry about and there's no room for the past. Small Town Secret is a super steamy stand-alone second chance full-length novel with no cheating and HEA. Not appropriate for readers under 18.
