Despite his beautiful, charming facade, Dare Lancaster is a walking abomination. Doomed to live in the shadows alone, Dare has survived on his hatred of humans and a desperate wish to find out more about who he is. Now there's only one human who can help him do that, and though he tries to stay distant, he can't help being possessive and protective, far greater than usual. And something inside him is waking up and saying, mine. Sasha Harrington knows the dark secret of the Lancasters, ever since she was kidnapped by one of them but not harmed. When the monster whose lonely eyes she still thinks of shows up at her library, cocky and handsome and nothing like she remembers, she isn't sure what to say. She knows she should run from him, until he offers her something she can't turn down: help finding the love that has so far eluded her. As Dare and Sasha travel deeper into the shifter underground, danger lurks around every corner. And as they work together, electric sparks quickly ignite into passionate flames. Soon, Dare is forced to face the truth about Sasha. He wants her, and he can't possibly deserve her, as long as he has a monster inside. Nightfall is the second book in the Nightmare Dragons series. These books contain intense themes, mystery and sexy, tortured shifter heroes who do more than go bump in the night. MY BOOKS WILL NEVER CONTAIN: Cheating, unfaithful heroes, or an ending that is anything but happy.
