

[GET] The Ellipsis Manual: analysis and engineering of human behavior

CONTINUE ►

Originally written as a manual for intelligence field operations..."You'll stop believing in free will." -LISA SCHMIDT, HUFFINGTON POST One look at the table of contents will give you an oh my God moment. The Ellipsis Manual is the kind of book that used to be locked away...deep in a vault underground...far away from the prying eyes of those who could misuse its power. With chapter titles like Methods of physically hacking the brain and Shutting off human willpower, what you're about to learn could make even the most well-trained CIA operative blush... And that's what leads me to say that if you're going to pick up your copy of The Ellipsis Manual today, you've got to make a firm commitment not to go to the dark side with this material. Because once you go through these pages, you'll be able to:-See through the masks people wear exposing fears and insecurities no one else can see-Instantly detect when a partner, boss, or even a friend is lying to you-Covertly influence anyone, any time (with NO chance of being caught)-Hijack people's deepest thoughts, feelings, and favorite gestures...and leverage them to your advantage-Implant whatever ideas and beliefs you want into the minds of people you want to persuade, control, or seduce ...and a WHOLE lot more. And once you have these powers, trust me the temptation to misuse them will certainly be strong. Fight the urge.

Stay true to your principles. And use what you're about to learn to help yourself and others for your own good, as well as theirs. - Author and persuasion expert MICHAEL WITCOFF "One of the most frighteningly powerful books imaginable. It shows how to make a real life Manchurian Candidate complete with alternate personalities and amnesia. A process I didn't feel was possible till now." DAVID BARRON a.k.a. DANTALION JONES 8-time bestselling author including Mind Control 101 "If there was a manual on how to be James Bond, this is it." -TIM OKEEFE "Chase Hughes is like Robert Cialdini on steroids." -ZACH HANDA
