Jolie Louis is a smart girl. She knows that her best friend, Sage Poirier, is a bad idea. He's a walking, talking cliché. The Adonis quarterback with the bulging biceps and harem of fangirls trailing behind him on campus like a stench you can't get rid of. Sadly, that's also the reason she can't stay away from him. Well, that and the fact that they're roommates. Jolie is already straddling the line between friendship and more when Sage comes to her with an offer she cannot refuse: be his fake girlfriend and live for free for the rest of the semester. She tells herself that she can handle it. He's just the boy she saved ten years ago, right? Wrong. So very wrong. He is a man now, and she is his captive Heart, body, and soul... The End Zone is a novella, originally published as part of the Team Player anthology. The End Zone now includes an extended epilogue, and a bonus, ORIGINAL epilogue for the book Vicious (Sinners of Saint #1), for your enjoyment.
