With hit books that support strategic reading through conferring, small groups, and assessment, Jen Serravallo gets emails almost daily asking, "Isn't there a book of the strategies themselves?" Now there is. "Strategies make the often invisible work of reading actionable and visible," Jen writes. In *The Reading Strategies Book*, she collects 300 strategies to share with readers in support of thirteen goals—everything from fluency to literary analysis. Each strategy is cross-linked to skills, genres, and Fountas & Pinnell reading levels to give you just-right teaching, just in time. With Jen's help you'll: "We offer strategies to readers to put the work in doable terms for those who are still practicing," writes Jen Serravallo. "The goal is not that they can do the steps of the strategy but that they become more comfortable and competent with a new skill." With *The Reading Strategies Book*, you'll have ways to help your readers make progress every day.
