In the backroads and bayous of Louisiana lives a clan of mix-matched shifters. Their Alpha, Kincaid, has been kidnapped by a ruthless Dragon who thrives on torture and pain. Kaid struggles to survive against all odds. Unable to contact his clan, and weak and unable to shift from his Bear, he has given up almost all hope. One night a human female is brought to the Dragon's compound against her will. Avaleigh has been chosen to be the Dragon's Mate. She is tortured to the brink of insanity, easily overpowered by the Dragon. Gradually she realizes that she has no chance of freedom. But will she be strong enough to save Kaid's Bear? And if she does, will he be able to leave her there? Sitting alone in a smoke-filled bar room, another Dragon waits. Stuck in this place, for no reason other than his Dragon refuses to leave here, Daniel GreyStorm watches the patrons come and go. Frustration keeps him company as he waits, wondering what fascination this Louisiana backroads bar holds for his Dragon. He has no idea he is on a collision course with Fate. This book is the first in a new series, Avaleigh's Boys, about a group of shifters who make their home in the backwoods and bayous of South Louisiana. Their clan consists of a mix-matched group of five shifters who depend on one another and are loyal to no end. These are their stories. Warning: Intended for mature audiences. These stories contain hot bear, dragon, wolf and lion shifters. They like to cuss, fight and love their women. This book contains explicit love scenes, lots of use of the "F" word (among others), and some abuse and forced sex by evil shifters. If you are offended by these subjects, please do not buy this book.
