CONTINUE ►

Among the Zmaj, the alien dragon-like race of men who survived the devastation of Tajss, Bashir is different. He's connected to the spiritual nature of the planet itself. However, the scaled and powerful hunter craves a different connection. One with Penelope. He desires the tall, lithe human female who's shown herself to be intelligent and strong-willed, fierce with fire clear behind her clever eyes. Bashir knows that water wears down the hardest rock over time and is willing to patiently pursue his treasure. But on the Red Planet, time is no friend to either Zmaj or Human. A threat comes from the skies and Bashir must get Penelope to understand their bond before it's too late.
