"That Guy is freaking hilariously awesome! I laughed so hard while reading this." ~ Julia, Red Hatter Book Blog Even crazy girls can find love! A modern way of finding love. One deserted island of luxury. Two people. Three get out of jail free cards. And a whole lot of possibilities. Melinda takes the advice of her best friend, Chris. She signs up to a new dating service that pairs you statistically to the one you're supposed to love. Finding it — love that is — using the more conventional methods, has not been a successful venture for Mindy, and with her biological clock ticking, she uses a more desperate method and takes the plunge into a possible happily ever after. The thing is, when she boards the boat to a secret location, she doesn't realise the man waiting for her is someone she's previously met. Chance encounters occur more frequently than we realise. Being blind to them is part of a bustling world. But, being faced with them can lead to a hilarious three weeks between two opposites who might just attract. WARNING: CHOKING HAZARD! It's recommended you DON'T read this story while consuming any type of beverage. THAT GUY is a hilarious standalone from international bestselling author Belle Brooks. Sit back, relax and enjoy a great laugh. "I cried laughing. WARNING: Severe Choke Hazard. I'm serious! Do not eat or drink while reading this book. I snorted, choked and spat my drink." ~ Marnie "I've read it three times, and it's still HILARIOUS!!!! Belle Brooks mastered the ugly cry with Always You. She mastered the mind f*ck with the Game Of Life Series. Now, she's mastered the rom/com with That Guy!" ~ Becky Ballenger "Belle has truly shown us that she can write any sub genre, she is a very special author! That guy is amazing, I honestly didn't know where this book was going, I was laughing so hard one minute, and then heart pounding the next. The twists and turns keep you on the edge of your seat waiting for a clue as to what will happen next." ~ Charlotte Day "Witty, hilarious, and sugary sweet. It makes you laugh so hard you almost pee your pants throughout this book. The twists and turns keep you grinning from ear to ear!" ~ Tracey Vuolo "Another well written story by Belle Brooks. It will make you laugh, cringe, and smile. Melinda is hilarious without trying to be and makes you root for her to have happiness. The male character (who I'm not naming intentionally) is sweet, perceptive, and real. I was rooting for the two of them as soon as they met." ~ Emily "That Guy by Belle Brooks will have you laughing so hard you will have tears in your eyes. Oh and lord have mercy how I would love to have a Chris in my life!" ~ Clara Atkinson
