I've been kidnapped by werewolves, and I'm being held against my will by two men who want me. It's up to me—use their protection, or be released to the killers after me. Take their help, or go on my own. Things aren't what they seem, and I'm beginning to suspect that I'm backing the wrong side. They have the looks that drive me crazy, but are they using me? Touching me, pleasing me, taking me. It feels so wrong and yet so right....This is a full-length novel with an HEA. 18+ Only. Enjoy!
