Read the remarkable true story of a young boy's journey from civil war in east Africa to a refugee camp in Sudan, to a childhood on welfare in an affluent American suburb, and eventually to a full-tuition scholarship at Harvard University. Following his father's advice to "treat all people—even the most unsightly beetles—as though they were angels sent from heaven," Mawi overcomes the challenges of language barriers, cultural differences, racial prejudice, and financial disadvantage to build a fulfilling, successful life for himself in his new home. *Of Beetles and Angels* is at once a harrowing survival story and a compelling examination of the refugee experience. With hundreds of thousands of copies sold since its initial publication, and as a frequent selection as one book/one school/one community reads, this unforgettable memoir continues to touch and inspire readers. This special expanded fifteenth anniversary edition includes a new introduction and afterword from the author, a discussion guide, and more.
