

## H6ZeI [GET] The Kew Plant Glossary: An Illustrated Dictionary of Plant Terms

CONTINUE ►

This accessible, comprehensive glossary covers all the descriptive terms for plants that one is likely to encounter in botanical writing, including everything from magazine articles to plant field guides, scientific papers, and monographs. An essential companion, it presents 3,600 botanical terms, accompanied by full definitions and detailed illustrations to aid in identification, all laid out in a clear, easy-to-use fashion. It will be indispensable for plant scientists, conservationists, horticulturists, gardeners, writers, and anyone working with plant descriptions, plant identification keys, floras, or field guides.
