What's the fastest way to turn a confident woman into a stuttering mess? You pair her up with the hottest guy in the company and tell her to market a sex product. The first thing Drexel Adams ever said to me had to do with flavored condoms and I'm sure my face stayed beet red the entire meeting. I don't usually get squirrely around good-looking men and it annoys the hell out of me that I can't control my responses to him. A gorgeous smile spread across his face when he noticed me blushing and from then on he decided to torture me with his dirty words every time we worked together. What he didn't expect was for me to take him up on the challenge. Our dirty flirting turned into a torturous game and it wasn't long before our lust became unbearable. So we took a risk... One that could ruin both of our careers. One that would allow us to give in to every dirty thing we've ever said to each other. We agreed on thirty-six hours. Thirty-six hours of guilt-free sex and the game would end. The funny thing is we actually thought that would work.
