Relax, enjoy, or relieve some stress with these unique coloring book designs by Jenny Pearson. Each page features a concept like flower power, circle of friends, or big heart. The illustrations include flowers, hearts, rainbows, butterflies, and much more. This book is popular among teen girls and adults, too. This book was hand-drawn for anyone who loves to color. This coloring book is marker friendly (the back side of each page is blank), yet crayons or colored pencils work well, too. Makes a great gift for holidays or birthdays (like coloring book parties or contests).
