Big, brainy science for the littlest listeners. Accurate enough to satisfy an expert, yet simple enough for baby, this book explores the basics of flight – from birds, to planes and rockets – and ties it all to baby's world. Beautiful, visually stimulating illustrations complement age-appropriate language to encourage baby's sense of wonder. Parents and caregivers may learn a thing or two, as well! With tongue firmly in cheek, the Baby Loves Science series introduces highly intellectual science concepts to the littlest learners.
