Possessive Canadian? I thought a Canadian man was tolerant, humble, easy-going, and non-violent. But when this younger woman goes to Whistler to get away from the stresses of work, I meet an older man who tells me, in a not so humble way, that I'm his from now on. And he's dead serious when he says that he's not tolerant of other men trying to take me from him. And when a sexy snowboarder gives me a lusty look I see the kind of violence that he's capable of. And it turns me on, even though it shouldn't. It's the first time I've met a man who was so into me. Maybe because it's the first older man this younger woman has ever had interested in her, but it makes me realize the boys my age can't compare to a real man. And because he's my real man I know it's time for another first time...experiencing my very first time with him now that he possesses my heart. But when it's time to leave this winter wonderland and return to the doldrums of work, will he send me packing or tell me I'll never pack my bags again...because my Canadian romance is going to last forever because I'm truly his no matter where in the world where we find ourselves from here on out? *Possessive Canadian is an insta-everything

standalone instalove romance with an HEA, no cheating, and no cliffhanger.
