Or that the average duration of distraction was a staggering 135 seconds? Sadly, new, teenage drivers are most at risk for fatal car accidents for two main reasons: They need to understand how to drive safely right from the start, and this book will help you do just that. But, first... My name is Damian Brindle. I'm a longtime survival blogger with many thousands of readers. I've spent the past decade studying and discovering nearly everything I can about survival, especially at home preparedness, to ensure my own family's survival. Over the last several years I've dedicated my life and my time to helping others just like you better survive disasters of all kinds. Like I said, it's my life. I'm also husband to a wonderful wife and father to two growing boys (one of whom is about to become a new driver)... as well as a devoted Christian and fellow Patriot. I've spent years ensuring my family will be 100% safe, secure, and ready for disasters of all kinds and now I'm offering you the chance to take an important--even crucial--action for yourself by ensuring your new, teenage driver is ready for the road as well.
