THE BELL AND THE BLACKBIRD (excerpt) The sound of a bell still reverberating, or a blackbird calling from a corner of a field. Asking you to wake into this life or inviting you deeper to one that waits. Either way takes courage, either way wants you to be nothing but that self that is no self at all, wants you to walk to the place where you find you already know how to give every last thing away. - David Whyte **DISCLAIMER:** "We cannot guarantee the availability of this ebook on an external site."
