Wanna have a quickie with a sexy, male romance author? How about twelve, sweaty, sizzling romps that will have you clapping your hand over your mouth so no one can hear you moan? This book is a collection of twelve, short, smutty stories that readers helped create with the author in his private Facebook group. Every few weeks, they shared their deepest romantic dreams and naughtiest fantasies to him, and he gave them a free story, written just for them.
