

[Free PDF File] Tractors 2018 12 x 12 Inch Monthly Square Wall Calendar, Farm Rural Country

CONTINUE ►

Steam-powered tractors have been around since the mid-1800s, but it was the internal combustion models of the early 20th century that truly revolutionized the world of agriculture. Weary draft animals and overworked farmers all of a sudden got an enormous helping hand in their never-ending struggle to plow large spreads of land and pull heavy loads from field to field. Celebrate the beauty of tractors in this one-of-a-kind wall calendar. This calendar includes a 6 month (July - December) 2017 planner page, so get yours early! Calendar includes Holidays, moon phases, image captions with locations and other information, the highest quality photography and more! **DISCLAIMER:** "We cannot guarantee the availability of this ebook on an external site."
