

## rUrUN [Download] Taken by the Warriors: A Dark Sci-Fi Romance (Owned and Shared Book 2)

**CONTINUE ►**

First she was taken. Now she will be shared. After the princess she serves is given as a mate to a powerful Ketturan warrior, Falise soon ends up as an unwilling passenger on a spacecraft headed for a far-off world. More disturbing still, she quickly discovers that as far as her captors are concerned, her body no longer belongs to her. As the princess is stripped bare and claimed roughly by the ship's captain, four of his companions set their eyes on Falise. The brutishly handsome barbarians plan to share her and use her in every manner possible, but first they must train her. She will learn to obey without question and take everything they give her or she will be punished in ways more shameful than she could have ever imagined. But when the journey is over, will she still want to return home? Publisher's Note: Taken by the Warriors is a stand-alone book which is the second entry in the Owned and Shared series. It includes spankings and sexual scenes. If such material offends you, please don't buy this book.
