By Toutatis! The year is 50 B.C. and Gaul is now entirely occupied by the invincible and mighty Romans. Well, hold on a minute, not entirely. One small village of indomitable (and completely mad) Gauls still defiantly - even nonchalantly - holds out against the bemused invaders and life is certainly never easy or dull for the unfortunate Roman legionaries who garrison the surrounding fortified military camps of Totorum, Aquarium, Laudanum and Compendium. Explore the wonderful world created by Ren Goscinny and Albert Uderzo and take a look at some of the funniest graphic novels ever published in The Adventures of Asterix!
