From the author of the bestselling Gideon Johann Western Series comes the new western Where The Wild Horses Roam. Caleb Berg is wanted by the law in Tennessee. The young widower is forced to leave behind his parents and sister to start a new life in the wide-open west. His adventures along the trail lead him to a horse ranch in the Wyoming Territory. After Indians killed her daddy, Caroline Langley took over her family's horse ranch. The young woman, bitter from the loss of her father and her divorce from her unfaithful husband, has her hands full after a cattle rancher is determined to rid the open range of the mustangs. Caroline and the rest of her crew find themselves in a fight to save the ranch - if she and Caleb don't kill each other first. The two of them just might find out they are attracted to each other if they could move on from the burdens of their past. Sometimes a second chance is all that is needed. Where The Wild Horses Roam combines historical romance and action. This is a new release of an edition originally published by Duane Boehm.
