She gave me her innocence. I gave her a baby. As a billionaire, I'm used to getting what I want. And that night I wanted her. It was only supposed to be a one night stand. No names, no numbers, only searing passion and lust. I took her virginity. Felt her sweet submission. I knew she was meant to be mine. To touch. To command. But she left before I woke the next morning. It's been a year and I find out that she has something that belongs to me. Lorelei, my daughter. I will do everything in my power to find her. Make her mine. And complete our family. Will I get my family or is one night all I'll have forever? \*\*\* This is a full length novel with a happily ever after, no cliffhanger, no cheating, and plenty of steam. \*\*\*
