

[GET] Alaska: A Photographic Excursion - 2nd Edition

CONTINUE ►

Alaskan photographer Mark Kelley and author Nick Jans capture the essence of Alaska in this award-winning photo book. A beautiful Alaskan memory for those who have been here, an inspiration for those wanting to travel here, and a great journey for those who might not venture here in person. Travel through the coastal rainforest, the fishing towns and ice fields of Southeast Alaska; the glacier-carved landscape of Prince William Sound and Kenai Fjords; through the major cities of Anchorage and Fairbanks; and on to the crown jewel, Denali National Park. New Second Edition - with over forty new images! Winner of a Benjamin Franklin Award Alaska truly lives up to its billing as the Great Land, a landscape so vast and varied that it seems beyond the scale of human comprehension. After spending a combined six decades here, Mark and I have figured one thing out: we are never going to be able to show it all. Our offering is a mere sampler of the riches in this state, one we hope will bring you back, wanting more. All told, it is a dazzling journey. - Nick Jans, Narrator, Alaska: A Photographic Excursion.
